About Me

Introduction

I'm Natasha Azmi , a computer science student at MIT ."I'm a dedicated, fun-loving individual with a creative and innovative mindset. I believe in the power of real-world experiences to shape my understanding and skills. My enthusiasm drives me to explore new ideas and solutions, and I embrace challenges as opportunities for growth. I'm committed to turning my creativity into impactful results while enjoying the journey along the way."

Education

Velammal Matriculation & Higher Secondary School

B.E Computer science @MIT

Expertise

- Communication Skills

- Creativity

- Innovative

- Leadership

Expertise

- Time Management

- Reliability

- Problem Solving

- Organized

Competencies

- C
- C++
